**Notice of Availability of a Draft Programmatic Environmental Impact Statement for the East Region of the Nationwide Public Safety Broadband Network and Notice of Public Meetings; Correction**

**AGENCY:** First Responder Network Authority, National Telecommunications and Information Administration, U.S. Department of Commerce.

**ACTION:** Notice Announcing Availability of a Draft Programmatic Environmental Impact Statement and of Public Meetings; Correction.

**SUMMARY:** The First Responder Network Authority (“FirstNet”) published a notice in the Federal Register of May 6, 2016 announcing the availability of the Draft Programmatic Environmental Impact Statement for the East Region (“Draft PEIS”). FirstNet also announced a series of public meetings to be held throughout the East Region to receive comments on the Draft PEIS. The Draft PEIS evaluates the potential environmental impacts of the proposed nationwide public safety broadband network in the East Region, composed of Connecticut, Delaware, the District of Columbia, Maine, Maryland, Massachusetts, New Hampshire, New

Jersey, New York, Pennsylvania, Rhode Island, Vermont, Virginia, and West Virginia. The May 6, 2016 notice contained an incorrect location for the public meeting to be held in New York and is corrected by this notice.

**DATES:** Submit comments on the Draft PEIS for the East Region on or before July 6, 2016.

FirstNet will also hold public meetings in each of the 13 states and the District of Columbia. See **SUPPLEMENTARY INFORMATION** section for meeting dates.

**ADDRESSES:** At any time during the public comment period, members of the public, public agencies, and other interested parties are encouraged to submit written comments, questions, and concerns about the project for FirstNet's consideration or to attend any of the public meetings.

Written comments may be submitted electronically via *www.regulations.gov*, FIRSTNET-2016-0002, or by mail to Amanda Goebel Pereira, NEPA Coordinator, First Responder Network Authority, National Telecommunications and Information Administration, U.S. Department of Commerce, 12201 Sunrise Valley Drive, M/S 243, Reston, VA 20192. Comments received will be made a part of the public record and may be posted to FirstNet's Web site (*www.firstnet.gov*) without change. Comments should be machine readable and should not be copy-protected. All personally identifiable information (*e.g.*, name, address) voluntarily submitted by the commenter may be publicly accessible. Do not submit confidential business information or otherwise sensitive or protected information. The Draft PEIS is available for download from *www.regulations.gov* FIRSTNET-2016-0002. A CD of this document is also available for viewing at public libraries (see Chapter 22 of the Draft PEIS for the complete distribution list). See **SUPPLEMENTARY INFORMATION** section for public meeting addresses.

**FOR FURTHER INFORMATION CONTACT:** For more information on the Draft PEIS, contact Amanda Goebel Pereira, NEPA Coordinator, First Responder Network Authority, National Telecommunications and Information Administration, U.S. Department of Commerce, 12201 Sunrise Valley Drive, M/S 243, Reston, VA 20192.

## **SUPPLEMENTARY INFORMATION:**

### **Correction**

In the Federal Register of May 6, 2016, in FR Doc. 81-27409, on page 27410, in the first column, correct the fourth bullet point under the “Public Meetings” section of the “SUPPLEMENTARY INFORMATION” section to read:

- New York City, NY, May 24, 2016, from 4 p.m. to 8 p.m., New York Marriott Marquis, 1535 Broadway, New York, NY 10036

### ***Background***

The Middle Class Tax Relief and Job Creation Act of 2012 (Pub. L. 112–96, Title VI, 126 Stat. 156 (codified at 47 U.S.C. 1401 *et seq.*)) (the “Act”) created and authorized FirstNet to take all actions necessary to ensure the deployment, operation, and maintenance of an interoperable, nationwide public safety broadband network (“NPSBN”) based on a single, national network architecture. The Act meets a longstanding and critical national infrastructure need, to create a single, nationwide network that will, for the first time, allow police officers, fire fighters, emergency medical service professionals, and other public safety entities to effectively communicate with each other across agencies and jurisdictions. The NPSBN is intended to enhance the ability of the public safety community to perform more reliably, effectively, and

safely; increase situational awareness during an emergency; and improve the ability of the public safety community to effectively engage in those critical activities.

The National Environmental Policy Act of 1969 (42 U.S.C. 4321–4347) (“NEPA”) requires federal agencies to undertake an assessment of environmental effects of their proposed actions prior to making a final decision and implementing the action. NEPA requirements apply to any federal project, decision, or action that may have a significant impact on the quality of the human environment. NEPA also establishes the Council on Environmental Quality (“CEQ”), which issued regulations implementing the procedural provisions of NEPA (see 40 CFR parts 1500–1508). Among other considerations, CEQ regulations at 40 CFR 1508.28 recommend the use of *tiering* from a “broader environmental impact statement (such as a national program or policy statements) with subsequent narrower statements or environmental analysis (such as regional or basin wide statements or ultimately site-specific statements) incorporating by reference the general discussions and concentrating solely on the issues specific to the statement subsequently prepared.”

Due to the geographic scope of FirstNet (all 50 states, the District of Columbia, and five territories) and the diversity of ecosystems potentially traversed by the project, FirstNet has elected to prepare five regional PEISs. The five PEISs will be divided into the East, Central, West, South, and Non-Contiguous Regions. The East Region consists of Connecticut, Delaware, the District of Columbia, Maine, Maryland, Massachusetts, New Hampshire, New Jersey, New York, Pennsylvania, Rhode Island, Vermont, Virginia, and West Virginia. The Draft PEIS analyzes potential impacts of the deployment and operation of the NPSBN on the natural and human environment in the East Region, in accordance with FirstNet’s responsibilities under NEPA.

Dated: May 10, 2016.
